Good morning

A bit more this am on my end. Have you got more on your end re: option 4?

As mentioned yesterday, we have not seen the signed temporary delegation of the authority to designate hours/dates of POEs. However, we know that what was signed is not what we submitted (we had 60 days and it was changed to 30 days). We heard that the delegation may have been narrowed to include only closure under covid-circumstances. We are reying to get copies of what was signed (have not yet come back) to validate but that could definitely limit the opportunity to use R26 internally. The fact the Minister approved a modification to POEs hours of operations 2 days ago (submitted in October) AFTER he had delegated the authority also raises questions.

On a separate note: this delegation ends on Sunday. As far as I know, no request has been made to ask for another one. The exact same document could be submitted to extend it for another 30 days. I have not got a request to navigate this one. Let me know if this is in the cards and we can jump in.

Food for thoughts that the team pointed, which you may already have factored in: Solicitor-Client Priv.

Will be watching, keep us posted and let me know if we can help

Caro

Hi Richard

I have not been able to reach Emilie our RAU SME on D & Ds but was able to consult with Lidia. Upon reviewing the Options and the flow of appended emails, this what we can offer at this stage. No disagreements with the positions put forward or the recommendations.

From a practical perspective, the "intent" of the Ds and Ds should not matter. The specified persons have the authority to reduce hours or services at a specific POE. A new instrument designating the same powers to the same people can be construed as the same instrument.

In terms of the Options:

Good evening all...

Please find attached a first draft of various options that we discussed earlier this afternoon. Please provide any comments to me directly this evening and I will make the adjustments to the note to finalize it.

Solicitor-Client Priv.

Julie/Caroline – Can you please ensure that the section on Negative Discretion accurately reflects your input.

Scott/Denis – The goal will be to have a final draft to you by 9am tomorrow morning in advance of the DM briefing.

Thanks
Brett

Brett,

Here is the first draft – once you have reviewed, let me know if you want to discuss.
Otherwise, feel free to make any adjustments necessary – it's a bit longer than 1-2 pages
and that's without Option 4.

Thanks,

Zrinka
